Lifting up People in Need

Society of St. Vincent de Paul members deepen their spiritual growth through service to neighbors in need. See Vincentians doing God's work from a pueblo in New Mexico, taking steps to end poverty in an annual walk event, helping a young girl gain the freedom to move around in her own home and teaching a class to promote healthy eating on a budget. Find out why members say they receive more than they give as they put their Catholic faith into action and see the face of Christ in those they serve.
