St. Vincent de Paul

Blessed Frederic Ozanam

Our History

We are an international charitable society organized in 1833 by Frederic Ozanam, a student of the University of Paris. He wanted to address the needs of the poor during the industrial revolution and he also wanted to improve the lives of young people by urging them to perform works of charity rather than just talking about how it ought to be done. The group took as its patron, the great French priest, St. Vincent De Paul, who had alerted the world in his day to many social problems. The group began by visiting the poor in their homes and assisting both spiritually and materially. The Society spread throughout Europe and to the USA in 1845. Today there are over 4,300 active conferences in the United States with more than 65,000 active members. Annually the Society distributes over \$100 million in direct aid to the poor in the USA.

Heavenly Father, You who know all things and who love us all so intensely, we ask You to help us as we work to solve our difficulties and problems.

Grant us wisdom and guidance in finding the lasting solutions we seek. Give us the faith, courage, and trust in You that will bring us all closer to You and to the life that You desire for us.

Thank You for all of Your help in the past and for the help You give us now. We pray for all of this through the Name and power of Jesus Christ, our Lord. Amen.

Our Father, Who art in Heaven, hallowed be Thy Name. Thy Kingdom come, Thy will be done on earth as it is in Heaven. Give us this day our daily bread, and forgive us our trespasses as we forgive those who trespass against us; and lead us not into temptation, but deliver us from evil. Amen.

Our Goal

The goal of the Society is to help relieve suffering. Material or moral help is given through person-to-person contact by members to individuals or families. Assistance is essentially local. It is adapted according to the particular needs, places, and circumstances. Vincentians seek through prayer, meditation on scriptures and Church teachings, through their daily lives and in their relationship with those in need, to bear witness to the love of Christ. The Society does not attempt to convert the needy to Catholicism, nor does it limit its aid to Catholics. Vincentians, therefore strive to foster, to develop, and to favor all means by which the fundamental virtues of faith and charity can be kept alive within us and around us.
